Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Spudded 6-14-64, drilled to 95', found no water, reamed hole to 25', set 1 joint of 7", 20#, H-40 surface casing @ 24.00', cemented with 10 sacks common cement. Found top of Gallup @ 1280' (mostly shale), drilled to T.D. of 1363', ran Formation-Density Log from T.D. to 24', found no oil show. There was no oil show in air-stream or on tools which were in the hole. Plan to set a 70' plug in bottom of hole, a 10' plug in top of hole, and erect a dry-hole marker.

18. I hereby certify that the foregoing is true and correct
