If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

A second approval is requested to retain this well in its present temporarily abandoned status. At the present time work is being conducted on the Ute lease in an effort to return this well to a productive status. If such work is successful it is planned to convert the Ute #1 to a water disposal well so that the large quantities of water produced with the gas can be handled in the manner prescribed by law.
