Gentlemen:

Enclosed are plats for Murphy Oil Corporation's proposed location of the Navajo "AA" Lease Well #18, San Juan County, New Mexico. This location violates the prescribed rules of 330' from the 40-acre quarter section lines. The terrain makes the cost of drilling this well on a regular spacing pattern almost prohibitive.

This well will be used as an injection well for the Navajo "AA" Lease Water Flood Project. Murphy Oil Corporation owns all offsetting leases. We ask that you grant us permission to drill on the above unorthodox location.

Very truly yours,

  
L. L. Duncan
