RE: Administrative application for Texakoma Oil & Gas Corporation's proposed Texakoma--USA "23" Well No. 1 (API No. 30-045-31110) to be drilled within the E/2 of Section 23, Township 32 North, Range 13 West, NMPM, San Juan County, New Mexico at an off-pattern unorthodox coal gas well location 390 feet from the South line and 627 feet from the East line (Unit P) of Section 23 (application reference No. pKRV0-215546389).

Dear Mr. Sprinkle:

The Division is in receipt of an objection from Pure Resources, L.P. to the subject application; see copy of letter dated June 17, 2002 attached.

This application will therefore be set for hearing before a Division Hearing Examiner on the next available docket scheduled for July 11, 2002, hearing to be held in Aztec, New Mexico. I have prepared the following advertisement in this matter:

"Application of Texakoma Oil & Gas Corporation for an unorthodox coal gas well location, San Juan County, New Mexico. Applicant seeks approval to drill its proposed Texakoma – USA "23" Well No. 1 (API No. 30-045-31110) at an off-pattern non-standard coal gas well location 390 feet from the South line and 627 feet from the East line (Unit P) of Section 23, Township 32 North, Range 13 West, which is located approximately three miles north northeast of La Plata, New Mexico. The E/2 of Section 23 is to be dedicated to this well in order to form a standard 320-acre stand-up gas spacing and proration unit for the Basin-Fruitland Coal (Gas) Pool."
