Dear Sir:

The original Notice of Intention to Drill filed on the above well December 9, 1960 did not indicate which half-section was to be dedicated. You were notified of this fact by our letter of December 9, 1960. Our files do not indicate that we received a reply to this letter.

Unless we have received an amended Form C-128 outlining the dedicated acreage within ten days it will be necessary that we cancel the allowable on this well.

Yours very truly

*Emery C. Arnold
Supervisor, District #3*
