Dear Roland:

I am returning herewith forms C-103 which you have made out for Southwestern Exploration Company's, Penn Bldg. Co.'s Well No. 1, described as being in the SE NE NW, Sec. 22, Twp. 28 North Range 2 East. This is, no doubt, the same well as was described in their notice of intention to drill as being in Sec. 10, 28-2, I don't know which is correct. As the location must be corrected, and the log of the well included in order to complete our file. Also it was impossible for me to have your signature notarized without your being here in person. Therefore, I am enclosing a new set of forms for you to make out and sign before a Notary which you will return to me as soon as possible with a complete log of the well and showing the dates plugging began and when the work ended.

Yours very truly,
