May 13, 1954

Mr. Ray H. Martin  
U.S. National Bank Bldg.  
Denver, Colorado

Dear Mr. Martin;

We have received your letter of May 10, 1954 regarding filing of plugging notice on the M.S.B. #1 Government. The Plugged & Abandoned notice was filed on this well by us approximately 10 days after completion of the well. I have checked with the U.S.G.S. office in Farmington and they tell me that they have received the notice and that it is evidently satisfactory but it has not been approved due to the fact that their field man has not made an inspection of the well. As soon as this is done they will send an approved copy to Mr. F.W. Meyer, whose address they have.

I am very happy to hear about the uranium stock. At the rate it is increasing your prediction may be true that it will be worth \$1.00 by the first of the year.

Yours very truly,

Emery C. Arnold  
Oil & Gas Inspector  
District #3
