### TESTING OF WORK

(The authors are expected to submit a paper on this subject to the 1994 Annual Meeting of the American Psychological Association, Washington, DC, September 1-5, 1994.)

1. The first group of people who are interested in the study of the history of the United States are the people who are interested in the history of the United States. This group of people is interested in the history of the United States because they want to know more about the United States. They want to know more about the United States because they want to know more about the United States.

I understand that this kind of work must receive approval of a working party of the Geological Survey before being carried out.
