Dear Mr. Arnold:

Thank you kindly for your letter of March 9 with respect to the original Affidavit submitted in connection with the No. 1 Crawford Well located in Section 30, 29N, 11 W.

As I understand your explanation the only error in the Affidavit submitted was the concluding paragraph which recited that there had never been any additional wells drilled on the 160 acre non-standard gas proration unit involved. On the basis of your advice I have re-drafted the Affidavit to reflect that between May 27, 1955 being the date of approval of the unit up to and including January 1, 1962, there were no additional wells drilled on the gas proration unit.

The original and one copy of the revised Affidavit is enclosed herewith and I would appreciate your executing the original before a notary and returning the same to my attention.

Thank you again for your courtesies in this regard.

Yours very truly,

HINKLE, BONDURANT & CHRISTY
