Mr. Jack Huff
Bloomfield Oil Field Service
P. O. Box 1641
Bloomfield, New Mexico

Dear Mr. Huff:

The Oil Conservation Commission has awarded your company the contract for the plugging of the Bishop Well No. 1. Please sign each of the four contracts and bid sheets enclosed and return them to my office. I will notify you by telephone when all necessary signatures have been obtained, and will forward your copy of the contract.

One final matter. The contract requires that you furnish the Commission with certified copies of your insurance coverage. This will be necessary before the contract can be finalized.

The contract also requires that all operations be performed under the supervision of the Aztec district office. Please keep Commission personnel advised of your activities.

Thank you for your interest in doing business with the State.

Very truly yours,

LYNN TESCHENDORF
General Counsel
