Mr. R. R. Spurrier, Director
Oil Conservation Commission
Santa Fe, New Mexico

Re: Alice Bolack #18
SP 078872-A
San Juan County, N.M.

Dear Mr. Spurrier:

With reference to the above captioned well and
your letter to the Frontier Refining Company of
December 7 referring to this location:

After inspection of the proposed location, it
is my recommendation that they be allowed to drill a
well as described on their plat submitted November 21,
which locates the well 990 feet from the east line and
1055 feet from the north line of Section 4, Township
27N Range 11 W.

Yours very truly,

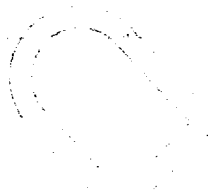

Al Greer
Oil & Gas Inspector
District #3
