Well No. 1 Davies is located 990 ft. from NXX line and 990 ft. from W line of sec. 27

SW 1/4 Sec. 27 28N 13W N.M.P.M.
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)

Emi-Wildcat San Juan County New Mexico
(Field) (County or Subdivision) (State or Territory)

The elevation of the ~~surface~~ ^{ground} above sea level is 5951 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate muddling jobs, cementing points, and all other important proposed work)

Total Depth 1575 ft. Well was temporarily abandoned April 4, 1951, by spotting 20 sacks of cement, which filled up to 1380 ft. Mud to the surface and a 5 1/2" cap was installed with 2" valve.

On January 30th, 1951, 1100 feet of 5 1/2" casing was pulled from the well. The well was then filled with mud from the first plug (1380') to within 50 ft. of the top of the ground; then 15 sacks of cement to the top of the ground. A 4" marker was installed and the pits filled and location cleaned.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company Southern Union Gas Co.
