San Juan County, New Mexico

Dear Mr. Arnold:

Your letter of May 13 has been received and has been referred to me. There seems to be some confusion as to the handling of New Mexico's Notices and Reports. We were advised by Mr. Jerry W. Long, District Engineer with the U.S. Geological Survey, that the USGS office would furnish the State of New Mexico two copies of each report filed with their office. Perhaps this information is obsolete.

We are enclosing three copies of the notices filed on the above referenced well; Notice of Intention to Abandon, Subsequent Report of Abandonment and Well Completion Report. Hope this will suffice for the information needed.

If at all possible, I would appreciate you advising me of the correct procedure for the handling of reports, etc. in the future.

Very truly yours,

Mary C. O'Brien
