Well Compliance

Dear Chris:

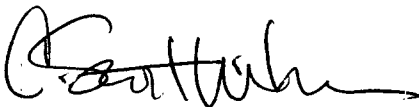

Pursuant to the Agreed Compliance Order ("ACO") in the above referenced case, attached please find the listing of wells restored to production in January 2006. The well schedule indicates four (4) wells have been produced in January 2006 bringing them into compliance as requested.

Each month we will send you a duplication of the attached list which indicates what action has been taken on the wells that we have brought into compliance that month. UHC New Mexico Corporation will continue taking steps toward compliance as requested.

Thanking you for your cooperation.

Very truly yours,

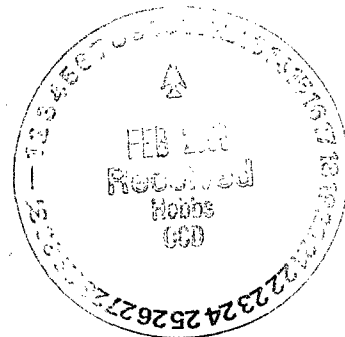

UNITED HERITAGE CORPORATION
