OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

RE: Cedar Brake Spill, Unit Letter 3685

Frontier Field Services is respectfully requesting to move forward with the completion of this remediation project. Attached to this email you will find;

- 1) PDF/DWG sample location.
- 2) Analytical results,

If you have any additional questions, please feel free to contact me at any time.

Respectfully,

Harley Everhart

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Please note:

-The OCD is no longer granting “risk-based,” or standard closure of events/RPs with remediation deferred to site abandonment/sale/closure. The RP will remain open until such time as historic contamination is addressed.

-Photographic documentation is stipulated for all events involving liquids.

If you have any questions or concerns, and for notification, please contact me.

Subject: Initial C-141_Cedar Brakes Spill_6.23.2015

NMOCD/BLM;

Attached is the initial C-141 for the Cedar Brakes Spill located at **Latitude** 32° 75' 43.16" N **Longitude** - 103° 84' 19.31" W.

The cause and conditions of the spill was identified and alleviated. Excavation will commence until TPH, BTEX, and Benzene are below the levels outlined in "NMOCD Guidelines for Remediation of Leaks, Spills, and Releases". Impacted soils will be transported to an OCD approved facility for disposal and the area will be backfilled with clean soil.

Should you have any comments or concerns, please do not hesitate to contact me anytime.

Thank you for your leadership on this matter.

Respectfully,

Harley Everhart
