NATURE OF RELEASE

Source of Release: Date and Hour of Occurrence: Date and Hour of Discovery: This release was caused by a lightning strike. 12:00 am 4/9/2016 12:00 am 4/9/2016 Was Immediate Notice Given? If YES, To Whom? Jamie Keyes – NMOCD By Whom? Robert Grubbs Date and Hour: Sun 4/10/2016 1:24 PM Was a Watercourse Reached? If YES, Volume Impacting the Watercourse. If a Watercourse was Impacted, Describe Fully.* Describe Cause of Problem and Remedial Action Taken.* This release was caused by a lightning strike at the battery. Emergency crew responded and extinguished the fire. Vacuum trucks were dispatched to recover standing fluid. Describe Area Affected and Cleanup Action Taken.* The release was contained within the lined containment. Concho will have the spill site sampled to delineate any possible contamination from the relea and we will present a remediation work plan to the NMOCD for approval prior to any significant remediation work. I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for release which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, huma heal or the environm		Volume of Release: 40 bbls	Volume Recovered: 38 bbls
