### NATURE OF RELEASE

Type of Release: <b>Spill</b>	Volume of Release: <b>13.9 BBLs</b>	Volume Recovered: <b>9.0 BBLs</b>
Source of Release: <b>Thief hatch on sales tank</b>	Date and Hour of Occurrence <b>04/19/2016 2:00 am</b>	Date and Hour of Discovery <b>04/19/2016 2:00 am</b>
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?	Date and Hour:	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.*		
Describe Cause of Problem and Remedial Action Taken.*		
Describe Area Affected and Cleanup Action Taken*		
On Tuesday April 19, 2016 at 0200 (MDT), an Agency Reportable spill occurred at the MCA Battery #2 after MSO responding to a high level alarm on the sales tank discovered a release of 13.9 bbls oil, with 9.0 bbls recovered. Immediate action was to isolate the battery and contact supervision. Remediation to location has begun, all in accordance to BLM and COPC.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
