Dear Casey:

NMOCD approves the delineation and proposed remediation plan for 1RP-4411 with one condition: provide bottom and sidewall confirmation samples. Please confirm.

Also, please include documentation of BLM approval in the closure report.

Thanks,
Olivia

Olivia,
Can you take a look at the attached and below? This is a plan that got lost in the mix of NMOCD personnel changes. Delineation does not meet the COA but that is because it was completed in September of last year. BLM approved of the plan in December so we are good to go there.

Thanks and I believe I have one more similar to this that I may also be sending today.

Kristen,

This e-mail is to confirm our discussion concerning the remediation plan for the OXY Rum Runner 2 Fed Com #1 Battery release. I have attached the information packet that we used in our discussion with a cover page describing the remediation plan that we agreed upon.

If you would please reply back via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
