Subject: RE: Approval for C-147 application for Sand Dunes RF- Mesa Verde East Recycling Containment #2
Date: Wednesday, July 26, 2017 4:20:00 PM

Mr. Allen:

Thank you for your patience. NMOCD decided that separate identifiers will be issued for each Recycling Facility and Recycling Containment. Therefore, NMOCD will issue unique identifiers for your documentation for the Recycling Containments.

To confirm, only the Sand Dunes Recycling Facility and Mesa Verde- East Recycling Containment #2 are located in District I, correct? I am double-checking because the title page for Appendix 2 states Sand Dunes- Recycling Containment #1 and title page for Appendix 3 states Mesa Verde- Recycling Containment #2. However, page 1 of the C147 application states that the package contains the registration for Sand Dunes Recycling Facility and Mesa Verde- East Recycling Containment #2.

Thanks,
Olivia

Subject: Approval for C-147 application for Sand Dunes RF- Mesa Verde East Recycling Containment #2

Dear Mr. Allen:

NMOCD has reviewed the submitted documents, dated June 6, 2017, encompassing the C-147 Registration Package for Sand Dunes Recycling Facility, Mesa Verde East Recycling Containment #2. This recycling containment will be located in Lea County; U/L K, Section 18, Township 24S, Range 32E.

The proposed Recycling Containment- Mesa Verde East Recycling Containment #2- and the Variance indicated (use of audible bird protection instead of netting) is approved. Monthly reports on a form C-148 are expected electronically to NMOCD- District I office. NMOCD also may ask for periodic updates on containment conditions and inspection logs.

Please be advised that this email message serves as documentation for approval. A hard copy will not be sent. For future communications, please remember to include the identifier **1RF- 14** for tracking and record-keeping purposes.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
