approved_1RP-4623, Delineation Plan for New Mexico DE State #1 Tank Battery Spill, August 22, 2017.pdf

Dear Mr. Larson:

NMOCD approves of the proposed delineation plans for 1RP-4622 and 1RP-4623. Please note that demarcation of the release areas are required on a scaled map in the subsequent report. NMSLO may have additional information regarding the extent of the impacted areas. Like approval from NMSLO is required.

Please see the attachments for your records.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Dear Ms. Yu and Ms. Groves,
Larson & Associates, Inc. (LAI), on behalf of Kevin O. Butler & Associates, Inc. (KOB), submits amended delineation plans for the New Mexico DE State Well #1 crude oil spill (1RP-4622) and New Mexico DE Sate #1 Tank Battery produced fluids (crude oil and produced water) spill (1RP-4623) The plans replace previous plans submitted to the

OCD/SLO for delineating the spills. Your approval of the delineation plans is requested. Please contact Kevin Butler at (432) 682-1178 or kevnbutler@aol.com or me if you have questions.

Respectfully,
Mark J. Larson, P.G.
