**Date:** Thursday, October 5, 2017 7:35:00 AM  
**Attachments:** image001.png

---

Good morning Ms. DeLeon:

NMOCD approves of the proposed delineation plan for 1RP-4818 with one condition: Delineate to 600 mg/kg chlorides and maintained a minimum of 5 ft. further in depth.

Please confirm.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

**Subject:** FW: Salado Draw Sample Delineation Plan  
**Importance:** High

Attached is the delineation plan for spill at Salado Draw. Please send email approval.

Would like to get started next week when weather clears up. Thank you in advance.
