Mr. Brandon:

Thank you for the notification. Please provide the delineation data along with a scaled map as soon as possible and I can review it immediately before remedial activities commence.

Thanks,
Olivia

Olivia,

FYI, we have been performing the assessment for this site this week and once we have delineated the horizontal and vertical extent of contamination via laboratory analysis, we plan to excavate the contaminated soil to four feet bgs, line the base of the excavation, and backfill. This area is located in the NMDOT right-of-way and we do not want to leave the excavation open any longer than necessary due to safety concerns to vehicle traffic.

Thanks
