Dear Ms. Johnson:

Please note that this release occurred on Federal surface. BLM can confirm.

NMOCD approves of the proposed delineation plan for 1RP-4003. If pertinent, like approval from BLM required.

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
