Mr. Kennedy:

NMOCD does not accept the deferment request for 1RP-4637. Deferral of remedial activities will not be addressed until release characterization/delineation is completed.

Please be advised that this release occurred on State surface. Mark Naranjo will be the correspondent for NMSLO in the interim.

Thanks,

Olivia Yu

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
