Ms. Johnson:

NMOCD approves of the proposed remediation plan and grants backfill approval for 1RP-4166. Please provide dated photo documentation of remediation in the closure report.

Like approval from NMSLO required. NMSLO may have additional stipulations.

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
