Dear Ms. Johnson:

NMOCD approves of the proposed confirmatory delineation plan for 1RP-4538. Please marked the release point on an appropriately scaled map in the subsequent report.

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
