Thank you Ms. Yu.

We accept those additional conditions and will move forward with scheduling the delineation activities.

Respectfully,

John E. Rantz, P.E.
Vice President Engineering, Managing Member

Subject: RE: Case Number IRP-4935 Delineation Work Plan

Good morning Mr. Rantz:

NMOCD approves of the proposed delineation for IRP-4935 with these conditions:

1. At least one additional delineation sample location South of the release point.
2. Provide GPS coordinates of sample locations.
3. All laboratory analyses should have corresponding field data. Please provide field data for samples at depths without laboratory analyses.

Please be advised that photo documentation of delineation and future remediation activities will be required.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: Case Number IRP-4935 Delineation Work Plan

Dear Ms. Yu:

Attached is the proposed Delineation Work Plan for your Case Number IRP-4935 related to the release caused by a 3rd party pipeline strike on January 9, 2018. This incident location is in Lea County near Hobbs, New Mexico and was reported to the State of New Mexico OCD with form C-141 on January 12, 2018.

Once approved, our team representing Venable's Construction, will proceed with the work plan in coordination with your office as required.

Our Project Manager will be Mason Sanders and I will be the Project Director/Principle in Charge. If you have any questions please contact Mason and I am sure he will be very responsive to any requests. We look forward to working with your office as we remediate this site.

Respectfully submitted,

John E. Rantz, P.E.
Vice President Engineering, Managing Member
