Attachments: approved_1RP-4948 - Panhead #023 - Initial Investigation Summary and Proposed Remediation Strategy.pdf

Dear Mr. Lowry:

NMOCD approves of the delineation completed and proposed remediation for 1RP-4948. Please include photo documentation of the remediated area in the remediation/closure report.

Thanks,
Olivia

Subject: 1RP-4948 - Pan Head Fee #023H - Initial Investigation Summary and Proposed Remediation Strategy

Ms. Yu,

Please find attached the *Initial Investigation Summary and Proposed Remediation Strategy* that has been prepared for the Pan Head Fee #023H (1RP-4948). The release site is located in UL "C", Section 11, Township 17 South, Range 32 East on private land. Remediation activities conducted during the initial response appeared to have mitigated portions of the soil impacts and account for the lack of "Surface" soil samples. Upon your review and approval, COG is prepared to begin field activities as outlined in the attached.

Joel Lowry
Senior Project Manager
