Subject: RE: 1RP-5047 Marshall & Winston Slick Mesa State 27-1H
Date: Friday, May 11, 2018 2:59:00 PM
Attachments: approved_1RP5047_Marshall Winston Slick Mesa State 27-1H.pdf

Mr. Porter:

Please remember to include NMSLO in all communications and submittals. Release occurred on State surface.

NMOCD would approve of the proposed delineation workplan for 1RP-5047 with one condition: GPS coordinates for the delineation sample locations are required in the subsequent report. For future workplans, please include proposed sample locations of representative pooling locations on the scaled map, in addition the tracked outline of the release area.

Like approval from NMSLO required. NMSLO may have additional concerns or stipulations.

Thanks,
Olivia

Slideshow

Good morning Olivia,

Please see the attached file which contains the Release Characterization / Delineation Plan for the leak off of Marshall & Winston's Slick Mesa State 27-1H line. We are seeking your approval so that we may begin delineation procedures.

Thank you!
Paul Porter
