Mr. Lowry:

NMOCD approves of the delineation completed and remedial activities conducted for 1RP-5014. Backfill approval is granted.

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Ms. Yu,

Please find attached the *Remediation Summary and Permission to Backfill Request* that has been prepared for Plains COG Boone 12 2H to Seg. 2 (1RP-5014) environmental remediation site. The site is located in UL "O", Sec. 16, Township 21 South, Range 33 East in Lea County, New Mexico. If you have any questions or need any additional information, please feel free to contact Amber Groves or myself by phone or email. Thanks.

Respectfully,
