Dear Mr. Huizenga:

NMOCD approval is given for the proposed Cimarex Vaca Draw SWD Recycling Facility. Please be advised that this email message serves as documentation for approval. A hard copy will not be sent. Please see the attachment for your records. The signed C-147 application (short form) has the permit number issued for the Vaca Draw SWD Recycling Facility.

The Recycling Facility is issued an identifier **1RF-30**. Monthly usage reports on the form C-148 are expected electronically to NMOCD- Santa Fe and appropriate district office. NMOCD also may ask for periodic updates on facility conditions and inspection logs. For future communications, please remember to include the identifier **1RF-30** for tracking and record-keeping purposes.

Please be advised that NMOCD must be informed when the recycling facility is anticipated for relocation. Another 1RF identifier will be issued.

Thanks,

Olivia Yu

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Hi Robert,

Have received in the mail a filled in form C-147 (Short) indicating Cimarex intent to complete a "Facility" only, relative to Rule 34, on Federal surface.

So, to be clear, this request is just for a facility? There will be no "containments" associated? Your storage tanks for water will be correctly bermed above ground steel tanks?

The surface land owner has been notified? That use, construction, safe practice mandates from Rule 34 are all met? That ability to calculate and submit in and out volumes of said produced water on C-148 will be accommodated?

If yes to all above, likely no issues, but...

OCD requests that the form be submitted to District office and myself in PDF format. Thank you for your assistance on this request. If there are any questions, please contact the OCD.

Thank you,

Brad Billings
