Subject: DCP Plant to Lea Station 6 inch #2, 1R-2136 Leas County, New Mexico 2017 Annual GW Report
Date: Tuesday, May 8, 2018 1:30:51 PM

May 8, 2018

Camille Bryant – Plains Pipeline
Kris Williams – TERRACON

The Oil Conservation Division (OCD) of New Mexico is in receipt of the 2017 Annual Groundwater Report for the DCP Plant to Leas Station 6 inch #2. Report details data and requests.

The following:

1. OCD requests additional detail on all Advanced Fluid Recovery (AFR) program/process for the next annual report. Including schematics, data analysis, calculations and operational time frames.
2. OCD approves product recovery schedules, protocols and Methodologies for examination of effort.
3. OCD also approves the timing schedule for groundwater sampling, protocols for sampling groundwater and Methodologies as discussed for laboratory analysis.

Please keep this electronic communication as NO paper copy will follow.

OCD appreciates your time and efforts on this issue. If there are any questions or comments, please contact this office.

Sincerely,

Bradford Billings
EMNRD/OCD
Santa Fe

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
