Mr. Lowry,

Thank you for the seed mix. In the interest of keeping thing moving forward, this mix is approved. I do have some issues with this particular mix. It contains several non-native grass species, WW Spar Bluestem, Kleingrass, and Tall Fescue. I'm honestly not sure if these non-natives are naturalized in the area, and will do more research from my end.

Mr. Mann,

I have attached the seed mixture that we anticipated using at the above referenced site. Can you compare it to the seed mixture you had in mind and see if this one might suffice? Thanks.

Respectfully,

Joel Lowry

Thank you Mr. Lowry,

Thank you for the update. It sounds like you are already aware; Mr. Blevins (or anyone from Merchant Livestock) is not the owner, but the lessee for this particular area. They cannot direct any aspect of the remediation process; (seed mix, remediation strategy, top soil source, etc.). Any seed

mixture deviation from the previously approved mix will require NMSLO approval. Please contact me if you have any questions. Please call me if you have any questions.

Mr. Mann,

Yes Sir. We will add this to our sites that need to be revegetated. Mr. Blevins, the leasee, has a seed mixture that he has approved and prefers to be used. I have a couple more projects on some of his deeded land that I will be reseeding also so we will do this one at the same time. I hope that this helps.

Respectfully,

Joel Lowry

**Subject:** RE: 1RP-4921 - Bobwhite 12 State Com #004H - Remediation Summary and Closure Report

Good morning,

There is no mention of revegetation in the closure report. Has or is revegetation been attempted for this release? There is mention of reveg in the previously approved work plan.

**Subject:** 1RP-4921 - Bobwhite 12 State Com #004H - Remediation Summary and Closure Report

Ms. Yu and Mr. Mann,

Please find attached the *Remediation Summary and Soil Closure Request* that has been prepared for COG's Bobwhite 12 State Com #004H environmental remediation site. The site is located in Unit Letter "O", Section 1, Township 24 South, Range 33 East in Lea County, New Mexico, on land administered by the New Mexico State Land Office. If you have any questions or need any additional information, please feel free to contact Becky Haskell or myself by phone or email. Thanks.

Respectfully,

**Joel Lowry**
