I agree, it appears all the work will occur within the existing ROW. It will not be necessary in this instance. Thank you for your diligence. Permits are required for the groundwater monitoring wells.

Ryan,

Will we need to submit a right of entry for remediation permit? We will only be working in the ROW.

Subject: RE: 11135241-0-6-1 Four inch (1RP-4643) work plan to perform remediation ~COR-11135241-2018~

Good morning Mr. Brandon:

NMOCD will approve of the proposed remediation plan for 1RP-4643 with these stipulations:

1. A schematic of the completed SVE system as built to be submitted along with the subsequent initial remedial report.
2. Provide at least 2 business days of advance notice to NMOCD and NMSLO for opportunities to witness system installation and monitoring activities.

Like approval from NMSLO required. NMSLO may have additional concerns or stipulations.

Thanks,
Olivia

Brad and Ryan,

Here is the work plan to perform remediation at the 0-6-1 Four inch release site for your review and authorization. If you have any questions, please call.

Thanks

Alan Brandon
