**Date:** Friday, August 3, 2018 7:39:00 AM  
**Attachments:** approved\_1RP5141\_00947\_MCA 1C Trunkline\_Work Plan\_FINAL\_070318.pdf

---

Good morning Ms. Taylor:

Notes

- Based on the GPS coordinates provided, the release occurred in Unit Letter M, not P, of Section 20-17S-32E.
- NMOCD database indicates Federal surface and mineral ownerships. Please remember to include BLM in all communications and submittals.

Thank you for the follow-up and your patience. Please be advised that this release occurred during a period, when there was no Environmental Specialist in District 1 and thus, somehow did not get processed. The pertinent information has been added to the initial C-141 provided in Appendix A. This release has been assigned 1RP-5141.

NMOCD approves of the delineation completed for 1RP-5141. The proposed remediation plan is also approved with one stipulation: confirmation bottom and sidewall samples of the excavated area. In the subsequent remediation/closure report, please include 1) a scaled map with the excavated area and confirmation samples demarcated with GPS coordinates; 2) soil bore logs; and 3) dated photo documentation of remedial activities.

Please confirm or inform for clarifications.

Like approval from BLM required.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

**Subject:** ConocoPhillips - MCA 1C Trunkline - Work Plan 1RP####

Ms. Yu and Ms. Tucker,

Please find attached the Work Plan for the above referenced ConocoPhillips site, MCA 1C Trunkline.

I was unable to locate the 1RP# for this site. If you could identify and provide, it would be very appreciated. This document is being submitted for your review and approval. If in agreement, Tetra Tech will proceed with the described remedial action. Please call or reply to this email with any questions or comments.

Thank you,

**Kayla Taylor** | Geologist
