**Attachments:** 1RP5148\_fire\_Signed-Initial C141.pdf

---

Dear Mr. Dittrich:

Please note that NMOCD database indicates State surface and mineral ownerships. NMSLO can verify.

The 1RP for this incident is

<b>5148</b>	8/7/2018	A	Oxy	Ridge Runner 7 State 1 H CTB	30-025-41646	22S-33E-7L	7/7/2018
-------------	----------	---	-----	------------------------------	--------------	------------	----------

Please submit dated photo documentation of the impacted tank and fire-affected area for verification.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Olivia,

Attached is the C141 report for the notification of fire. So sorry this took so long to get done, it was a combination of problems. Thank you for being patient.

**Subject:** RE: Ridge Runner CTB

Good morning Mr. Dittrich:

Please be advised that an initial C-141 for the aforementioned fire incident below is due tomorrow, July 21, 2018.

Thanks,  
Olivia

Mr. Dittrich:

Thank you for the notification. What is the status of this release? Please be advised that a fire incident, even without apparent fluids lost, still requires a release notification on a C-141 form.

Thanks,  
Olivia

Olivia,

Just wanted to inform you of a fire that happened on Saturday at the Ridge Runner CTB. There were no lost fluids as of yet reported. An official report will be issued tomorrow with all the details. I just wanted to give you a heads up. Thank you.

Wade Dittrich
