Date: Monday, September 10, 2018 11:06:01 AM

BLM accepts your proposal for 1RP-4871.

RE: 1RP-4854 - BLM will wait until NMOCD has made their final determination, since the bulk of the release involves State surface and only a small quantity impacted federal surface.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. **In such an event a site does not achieve successful restoration, or future issues with contaminants are encountered, the operator will be asked to address these issues until they are fully mitigated and the location is successfully reclaimed.** In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Ms. Tucker,

Proposed Work Plans for remediation of 1RP-4854 and 1RP-4871 were submitted to NMOCD and not cc'ed to you at the time. 1RP-4871 occurred on Federal Land and the remediation project is proposed to be combined with 1RP-4854 (on State Land only). Apologies for the delay.

Please reach with any questions or concerns.

Thank you,

Zach
