Subject: RE: EOG - Kiwi AKX State #8 (1RP-3732) Closure Request
Date: Thursday, September 13, 2018 10:53:00 AM

Ms. Gonzales:

As you may or may not be aware, there was a previously approved proposed remediation plan for 1RP-3732 on March 9, 2017. Documents have been uploaded on line. Pardon for the delay. Please review conditions of approval.

However, NMOCD does acknowledge that the data point in the closure report may be indicative that the proposed remedial activity was conducted and that the backfill material is within permissible levels.

NMSLO may have additional concerns and stipulations.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
