Subject: RE: 11135250-5 MF-16 Closure Request (1RP-4523) ~COR-11135250-05~
Date: Friday, September 14, 2018 10:40:00 AM
Attachments: approved_1RP4523_11135250-05Yu1 Closure Request.pdf

Good morning Messrs. Brandon & Ericson:

Please note that the GPS coordinates written in the closure report do not correspond to the release location when plot onto aerial imagery, which does display the pipeline release location in November 2017.

The available information indicates **OPERATOR** has met the requirements of 19.15.29 NMAC and no further corrective action is required. NMOCD considers **1RP-4523** closed. However, this determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Olivia,

GHD formally submits the attached Closure Request and supporting documentation for the ETC Field Services MF-16 release. Included you will find the final C-141, completion photographs, and the

previously submitted Assessment Summary Report.

If you have any questions, please call.

Thanks

Alan Brandon
Senior Project Manager
