OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Hello Doc,

Here you go. Looks like this closure was send in to OCD and SLO in October of last year. Let us know if you have any questions.

Respectfully,

**David J. Adkins**

Amber, Kristen,

Please see the attached closure for the ACC Lynch Station release (I separated the lab reports due to file size restrictions). As always, let me know if you have any questions or concerns.

Respectfully,

**Sheldon Hitchcock**
