Dear Mr. Settle:

NMOCD approves the delineation workplan for 1RP-4530 with one condition: submit soil bore logs.
Please see the attachment for your records.

Thanks,

Olivia Yu

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
