Good morning Mr. Allen:

What is the status of the remediation for 1RP-4662? Was the proposal to not excavate the lease road next to the Lucid pipeline right-of-way? Please be advised that the release area within the 34 ft. radius of the pipeline, as written in the delineation workplan, that will not be remediated will be deferred. A scaled map with the area for deferral outlined is required.

Thanks,
Olivia
