Was this a major release as defined by	If YES, for what reason(s) does the respon-	sible party consider this a major release?			
19.15.29.7(A) NMAC?					
☐ Yes ⊠ No					
If VES, was immediate no	ntice given to the OCD? By whom? To who	om? When and by what means (phone, email, etc)?			
II 115, was immediate in	Aree given to the GCD. By whom. To wik	oni. When and by what means (phone, email, etc).			
Initial Response					
The responsible p	party must undertake the following actions immediately	unless they could create a safety hazard that would result in injury			
☐ The source of the rele	ase has been stopped.				
The impacted area has	s been secured to protect human health and t	the environment.			
Released materials ha	ve been contained via the use of berms or di	ikes, absorbent pads, or other containment devices.			
All free liquids and re	ecoverable materials have been removed and	managed appropriately.			
If all the actions described	d above have <u>not</u> been undertaken, explain w	vhy:			
has begun, please attach a	a narrative of actions to date. If remedial e	mediation immediately after discovery of a release. If remediation ifforts have been successfully completed or if the release occurred lease attach all information needed for closure evaluation.			
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

## Closure

The responsible party must attach information demonstrating they have complied with all applicable closure requirements and any conditions or directives of the OCD. This demonstration should be in the form of a comprehensive report (electronic submittals in .pdf format are preferred) including a scaled site map, sampling diagrams, relevant field notes, photographs of any excavation prior to backfilling, laboratory data including chain of custody documents of final sampling, and a narrative of the remedial activities. Refer to 19.15.29.12 NMAC.

Closure Report Attachment Chacklist: Fach of the following:	
Closure Report Attachment Checklist: Each of the following items must be included in the closure report.	7
A scaled site and sampling diagram as described in 19.15.29.11 NMAC	
Photographs of the remediated site prior to backfill or photos of the liner integrity if applicable (Note: appropriate OCD District office must be notified 2 days prior to liner inspection)	
must be notified 2 days prior to liner inspection).	1
Laboratory analyses of final sampling (Note: appropriate ODC District office must be notified 2 days prior to final sampling)  Description of remediation activities	
Closure Requested Based on Integrity of liner. Please see attache	2
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations. The responsible party acknowledges they must substantially restore, reclaim, and re-vegetate the impacted surface area to the conditions that existed prior to the release or their final land use in accordance with 19.15.29.13 NMAC including notification to the OCD when reclamation and re-vegetation are complete.  Printed Name: Amy Barnhill  Title: Waste and Water Specialist  Date: \$\int \text{-267-7108}\$  Telephone: \frac{432-687-7108}{432-687-7108}	
OCD Only	
Received by: Date:	
Closure approval by the OCD does not relieve the responsible party of liability should their operations have failed to adequately investigate and remediate contamination that poses a threat to groundwater, surface water, human health, or the environment nor does not relieve the responsible party of compliance with any other federal, state, or local laws and/or regulations.
