13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

ConocoPhillips Company respectfully withdraws process 00770-54759 Emerald Federal #6. We offer this one as a replacement.

ConocoPhillips Company respectfully requests approval to defer interim reclamation on the south side of the location.

We recently completed additional well location on-site meetings and this location will provide access for Ruby Federal #25. The deferral of interim reclamation on this location's south side will allow adequate clearance so as not to damage anchors when moving rig equipment.

Our plan is to reclaim the north and east sides of the location in accordance with the approved APD.
