Re: Request for exception to Rule 107 J
Tubingless Completion
Neptune 10 State Com #501H

EOG Resources, Inc. requests an exception to NMOCD Rule 107 J regarding required production tubing. EOG requests a tubingless completion for our Neptune 10 State Com #501H to allow greater flowback after frac stimulation.

Our plan is to install production tubing as soon as flow decreases, which should occur within 6 months.

Thank you for your consideration of this request. If additional information is needed, please contact me at 432 686-3684.

Sincerely,

EOG Resources, Inc.
