RE: Texaco Cities Services State Com No. 1 – RC to Bone Spring and Tank Cleaning
30 -025-20961
C-103 Subsequent Report of Recompletion Operations, C-105 Recompletion, C-104 for Tank
Cleaning

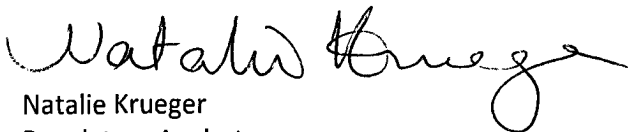

Dear Ms. Mull,

Enclosed, please find a C-103 Subsequent Report of recompletion operations and a C-105 for a Bone Spring recompletion that took place in 01-2005. The recompletion was unsuccessful.

However, during testing, a marginal amount of oil was produced into the test tanks and therefore, in 07-2006, a tank cleaning was performed. The well never produced economically out of the Bone Spring, however. I have included a C-104 for the tank cleaning.

If you need any additional information, please let me know. My number is 469-420-2723.

Sincerely,

Natalie Krueger
