Form C-144 CLEZ  
July 21, 2008

For closed-loop systems that only use above ground steel tanks or haul-off bins and propose to implement waste removal for closure, submit to the appropriate NMOCD District Office.

**Closed-Loop System Permit or Closure Plan Application**

*(that only use above ground steel tanks or haul-off bins and propose to implement waste removal for closure)*

Type of action:  Permit  Closure

**Instructions:** Please submit one application (Form C-144 CLEZ) per individual closed-loop system request. For any application request other than for a closed-loop system that only use above ground steel tanks or haul-off bins and propose to implement waste removal for closure, please submit a Form C-144.

Please be advised that approval of this request does not relieve the operator of liability should operations result in pollution of surface water, ground water or the environment. Nor does approval relieve the operator of its responsibility to comply with any other applicable governmental authority's rules, regulations or ordinances.

1. Operator: Apache Corporation OGRID #: 873

Hey, ladies, I can't remember if Donna works TA approvals or if its Sylvia?!?! We have 4 wells on our Inactive List that were tested at the wrong pressure the first time, so the field had to retest. I hate to ask for ASAP approval, but to clear these off, I'm starting to panic. They are the:

Bunin #3Y 30-025-06565 - ~~ET~~ 7-22-12  
NEDU #301 30-025-06388 - " 7-22-12  
NEDU #317 30-025-06488 - " 7-22-12  
NEDU #802 30-025-06735 - " 7-22-12

TA's 

I was told the Inactive List needed to be checked and cleared by the end of each month; let me know if that isn't correct and I'm stressing for nothing.

Thanks - Reesa ☺
