Oil Conservation Commission
Hobbs, New Mexico

Re: F. R. Jackson Skarda No. 1
SW/4 SE/4 Sec. 3, T-2N, R-32E
Curry County, New Mexico

Attention: Mr. C. M. Rudy ?
District Engineer

Gentlemen:

Several weeks ago we made arrangements with the Hobbs Pipe and Supply Company of Hobbs, New Mexico to pull the pipe and abandon according to the rules and regulations of the Oil Conservation Commission, the above well. It is my understanding that this well has been properly plugged .

This office is in receipt of Commission Form C-102 which has been marked received by the Hobbs office of the Commission on April 10th, 1956; however, we have not received copies of Forms C-103 and C-105. If these forms have been filed with your office, will you please furnish copies of same or else advise us that they have been received and are in order.

If everything is ~~not~~ in order in connection with the plugging of this well, we should also appreciate receiving whatever is necessary from your office to secure a release of a plugging bond which we have up with the State of New Mexico in connection with this well.

Your prompt attention to this matter will be greatly appreciated.

Yours very truly,

F. R. JACKSON
