

- 3610 3615 Gray anhydritic limestone 80%, crystalline white anhydrite  
15%, red sandy shale 5%
- 3620 Gray anhydritic limestone 80%, crystalline white anhydrite  
15%, gray anhydritic sandstone trace, red sandy shale 5%
- 3625 Gray and little tan anhydritic limestone 55%, crystalline  
anhydrite 25%, gray anhydritic sandstone trace, red sandy  
shale 20%
- 3630 Gray and little tan anhydritic limestone 55%, crystalline  
white anhydrite 25%, gray anhydritic sandstone trace, red  
sandy shale 20%
- 3636 Gray anhydritic limestone 15%, crystalline white anhydrite  
10%, red shale 70%, red and gray sandstone 5%
- 3640 Gray anhydritic limestone 70%, crystalline white anhydrite  
10%, red and gray sandstone trace
- 3545 Gray anhydritic limestone 85%, crystalline white anhydrite  
8%, red shale 10%, red and gray sandstone trace
- 3650 Gray anhydritic limestone 80%, crystalline white anhydrite  
5%, red shale 15%
- 3655 Gray anhydritic limestone 80%, crystalline white anhydrite  
10%, red shale 10%
- 3660 Gray anhydritic limestone 40%, crystalline white anhydrite  
10%, red shale 45%, red sandstone 5%
- 3665 Gray anhydritic limestone 50%, crystalline white anhydrite  
10%, red shale 35%, red sandstone 5%
- 3670 Gray anhydritic limestone 45%, crystalline white anhydrite  
15%, red shale 40%, red sandstone trace
- 3675 Gray anhydritic limestone 45%, crystalline white anhydrite  
10%, red shale 40%, red sandstone 5%
- 3680 Gray anhydritic limestone 55%, crystalline white anhydrite  
10%, red shale 35%, red sandstone trace
- 3685 Gray anhydritic limestone 50%, crystalline white anhydrite  
15%, red shale 35%, red sandstone trace
- 3690 Gray anhydritic limestone 80%, crystalline white anhydrite  
5%, red shale 15%, red sandstone trace
- 3695 Gray anhydritic limestone 75%, gray to white oolitic anhydrite  
porous limestone 15%, crystalline anhydrite 5%, red shale 10%
- 3700 Gray anhydritic limestone and little white to gray anhydritic  
oolitic limestone 85%, crystalline anhydrite 5%, red shale 10%
- 3705 Gray anhydritic limestone and little white to gray anhydritic  
oolitic limestone 85%, crystalline anhydrite 5%, red shale 10%
- 3710 Gray anhydritic limestone and little white to gray anhydritic  
oolitic limestone 70%, crystalline anhydrite 5%, red shale 25%
