Well No. 5, Unit E, 36, T-7-S, R-35-E  
Roosevelt County, New Mexico

Dear Mr. Murphy:

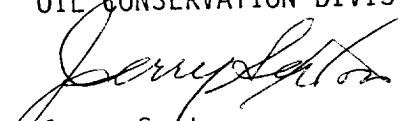

After reviewing your letter of July 13th addressed to Melba Carpenter of this office, and Sun's letter of June 1, 1982, it is still our opinion that it will be necessary for you to have the communication in this well-bore approved by obtaining a downhole commingling order.

Please make this application at the earliest possible date in accordance with Division Rule 303-C. As specified in that rule, the application must be submitted in duplicate to the Santa Fe office of the Oil Conservation Division with a copy to the District office, which in this case is the Hobbs office.

Your early attention to this matter will be appreciated.

Yours very truly,

OIL CONSERVATION DIVISION

  
Jerry Sexton  
Supervisor, District 1
